College of Health Professions

Health Science Pipeline Programs

Are you a college student or recent graduate interested in Physical Therapy?

Physical Therapy Summer Training & Enrichment Program (PT STEP-UP) is an on-campus program that offers an introduction to the field of physical therapy, classroom and clinical observation experiences, time management and study skills training, personal statement and resume development, and an introduction to the admissions process for physical therapy programs.

The program aims to increase competitiveness of students' applications to physical therapy programs and provides a clearer understanding of the expectations and roles of a physical therapy student and professional.
