

## Health Science Pipeline Programs

### Teacher Recommendation Form *Future Health Professionals Program*

**Application Process:**      **PRIORITY DEADLINE**      **Friday June, 16, 2017**  
   **FINAL DEADLINE**      **Friday, September 15, 2017**

The Future Health Professionals Program is a 15-week educational and experiential program for underrepresented minority high school sophomores, juniors and seniors interested in careers in the health professions. Students attend sessions for two hours per week (4:00 pm – 6:00 pm). The program begins in November and ends in March. Students who complete the program and meet the program requirements are awarded a Certificate of Participation.

Through interaction with faculty and students, participants have the opportunity to explore careers in medicine, nursing, the health professions (couple and family therapy, medical laboratory sciences & biotechnology, occupational therapy, physician assistant studies, physical therapy, radiologic sciences), pharmacy, population health, and the biomedical sciences. These sessions are designed to prepare participants for future health care careers.

Based on your knowledge of the student, please complete the recommendation form below.

Applicant Name: \_\_\_\_\_

Teacher Completing Recommendation: \_\_\_\_\_

Relationship to Student: \_\_\_\_\_

Overall impression of candidate: (please choose one)

Highly recommend

Recommend

Recommend with reservation

Do not recommend

From your observations with this student, please choose the rating which best describes his or her:  
(Please respond to all questions – make your best guess if you have to.)

Very High High Average Low

1) Demonstrated interest in the health professions

2) Level of Academic Ability

3) Demonstration of appropriate classroom behavior

4) Ability to complete assignments/meet deadlines

5) Likelihood of benefiting academically and personally from this program

Please use this space to comment on any of the above ratings:

In 500 words or less, describe why you recommend this student to participate in the Future Health Professionals Program and why this program would be beneficial to their post-secondary education and career goals:
